

Novel Plus™

A Shining Sign System

NOVEL PLUS is a flexible aluminium frame sign system which can be supplied as component or as finished signs.

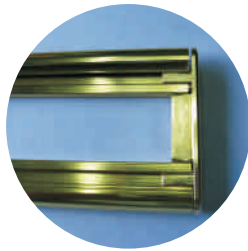

Texting options are screenprint or vinyl. NOVEL PLUS consists of aluminium extrusions, ABS end caps, corner joints and an interchangeable sheet. Length of end caps is available from 50mm to 250mm. There are special shining anodised colour to choice from. NOVEL PLUS can enhance a professional classic image with its design and colours at a low and justifiable investment rate. NOVEL PLUS can be used for door and wall plates.

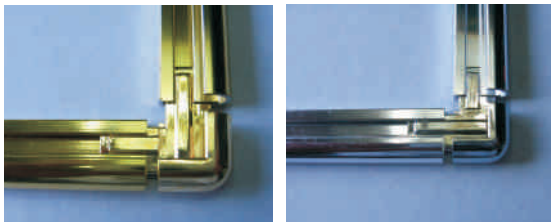

Room signs
